

JOSHUA QUINTANA

SENIOR VIDEO PRODUCER | STORYTELLER | CREATIVE TECHNOLOGIST

EXPERIENCE

2022 - PRESENT

Video / Motion Graphics Designer

Working Solutions

- Lead complete video productions from concept and preproduction through filming, editing, motion graphics and final delivery for marketing campaigns, digital experiences, events and internal communications.
- Plan and execute professional video shoots, managing cameras, lighting, audio and composition while filming senior leadership, stakeholders and subject matter experts.
- Produce event and on-location content from capture through post-production for corporate communications, thought leadership, marketing initiatives and brand storytelling.
- Designed and built the in-house video studio at Working Solutions, establishing the camera, lighting, audio and production systems used for ongoing professional video production.
- Collaborate with marketing teams and senior leadership to translate business objectives into creative concepts, scripts, storyboards and visual treatments.
- Create motion graphics, animation, typography, visual effects and audio treatments, including Lottie and UI/UX motion assets for websites and digital experiences.
- Adapt creative content across social media, websites, presentations and campaigns while building reusable templates and workflows that improve consistency and production efficiency.

2019 - 2022

Multimedia Designer

Allegis Global Solutions

- Partnered with senior leadership, stakeholders, sales teams and subject matter experts to develop compelling multimedia content for proposals, RFPs, competitive bids and business development initiatives.
- Translated complex solutions, capabilities and technical information into clear visual stories that strengthened proposal responses and supported sales conversations.
- Designed and produced videos, animations, infographics, presentations, layouts and digital graphics tailored to specific opportunities, prospects and bidding requirements.
- Created custom visual concepts and presentation materials that communicated differentiators, capabilities and value propositions throughout the bidding process.
- Produced video content from planning through final delivery, including professional camera operation, lighting, audio, editing and motion graphics.
- Collaborated with proposal and sales teams under tight deadlines, managing revisions and stakeholder feedback while building reusable creative assets for recurring bids and sales initiatives.

EXPERIENCE CONTINUED

2018 - 2019

Graphic / Motion Designer

Majority Strategies

- Created digital and print assets for political campaigns and commercial clients, including advertising, mailers, brochures, landing pages, web graphics, infographics, videos and animation.
- Developed projects from ideation and storyboarding through design and animation, connecting creative execution with campaign messaging and strategy.
- Collaborated with web developers on user-focused landing pages and digital experiences while contributing within a creative team of more than 15 designers.

2016 - 2018

Graphic Designer

Skepple

- Designed custom vehicle wraps and automotive graphics with a focus on visual impact, brand identity and production-ready execution.
- Developed concepts, layouts and mockups while mentoring a junior designer through concept development and production.

2014 - 2016

Graphic Designer

201Wrap

- Conceptualized branded materials including vehicle wraps, banners, brochures, business cards, decals, apparel and marketing
- Collaborated with prepress and production teams to ensure dimensions, color, image quality and final artwork met client and production standards.
